A.K.A.

SELEKNIGHT

Orphaned at a very young age, Ciana was adopted by her uncle. Her uncle was a small scale fish seller thus she grew up in profound poverty. The only friends she had were her uncle and the moon and she used to spend hours talking to them. At the age of 7 amidst of some crisis, her uncle owed some money to the landlord. Unable to repay the debt, the landlord took away every possession of theirs and left them on the streets. The only thing her uncle had was a rusty old katana which passed on to the heirs. Stripped off of everything, her uncle couldn't take it and suffered a severe heart attack and died. Minutes before his death, he handed the rusty old blade to Ciana.

Ciana witnessed misery at an intensity no one has even imagine. And that's when she named herself Cynthia and swore to protect the poor and punish those who threatened the needy. And started training with her blade. But her new found skills and need for money to survive took away the innocence from her. By 14 she was an assassin for hire, pro at what she did and soon was noticed by The Creator. He adopted her, trained her, educated her, became the father figure she was in need of. And hence she attained her name: The SeleKnight. Student by day, lethal Assassin by night.

THREAT LEVEL: 3 (DEADLY)

CYNTHIA

Well, well, well, who do we have here? The Queen herself. So what brings you here SeleKnight? I thought night prowlers only came out at night. And daylight is still up for a few more hours.

I don't like too many questions Victor

The Creator sent me to take you down. I will fight you but you have to earn your fight.

And why would I fight you?

I win, you will stop your investigation. You win, you will get answers to all your questions.

Victor: Deal

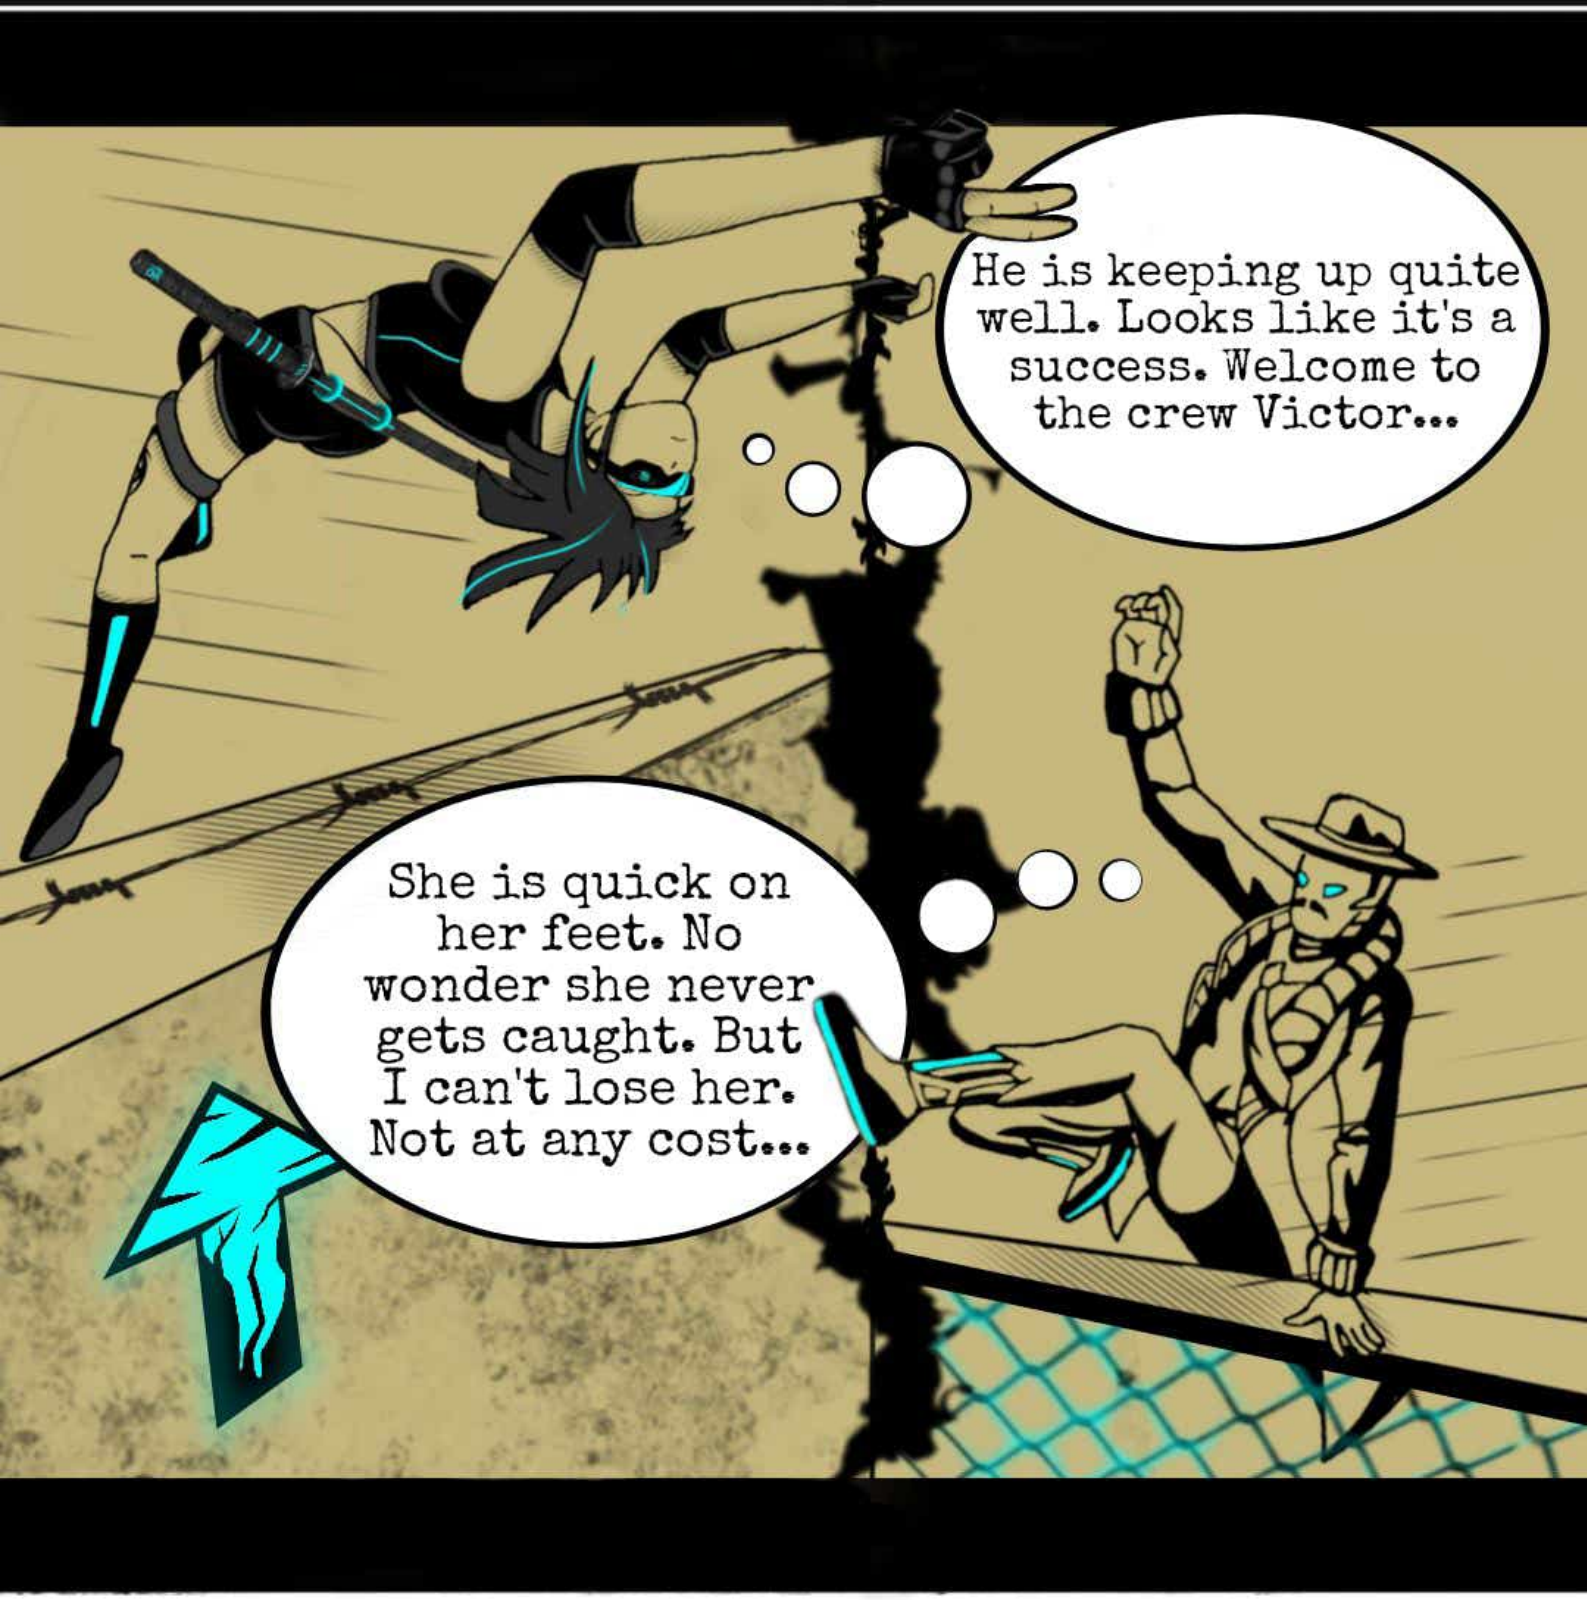

Cynthia: But first, let's see if you can catch me

*Few seconds later

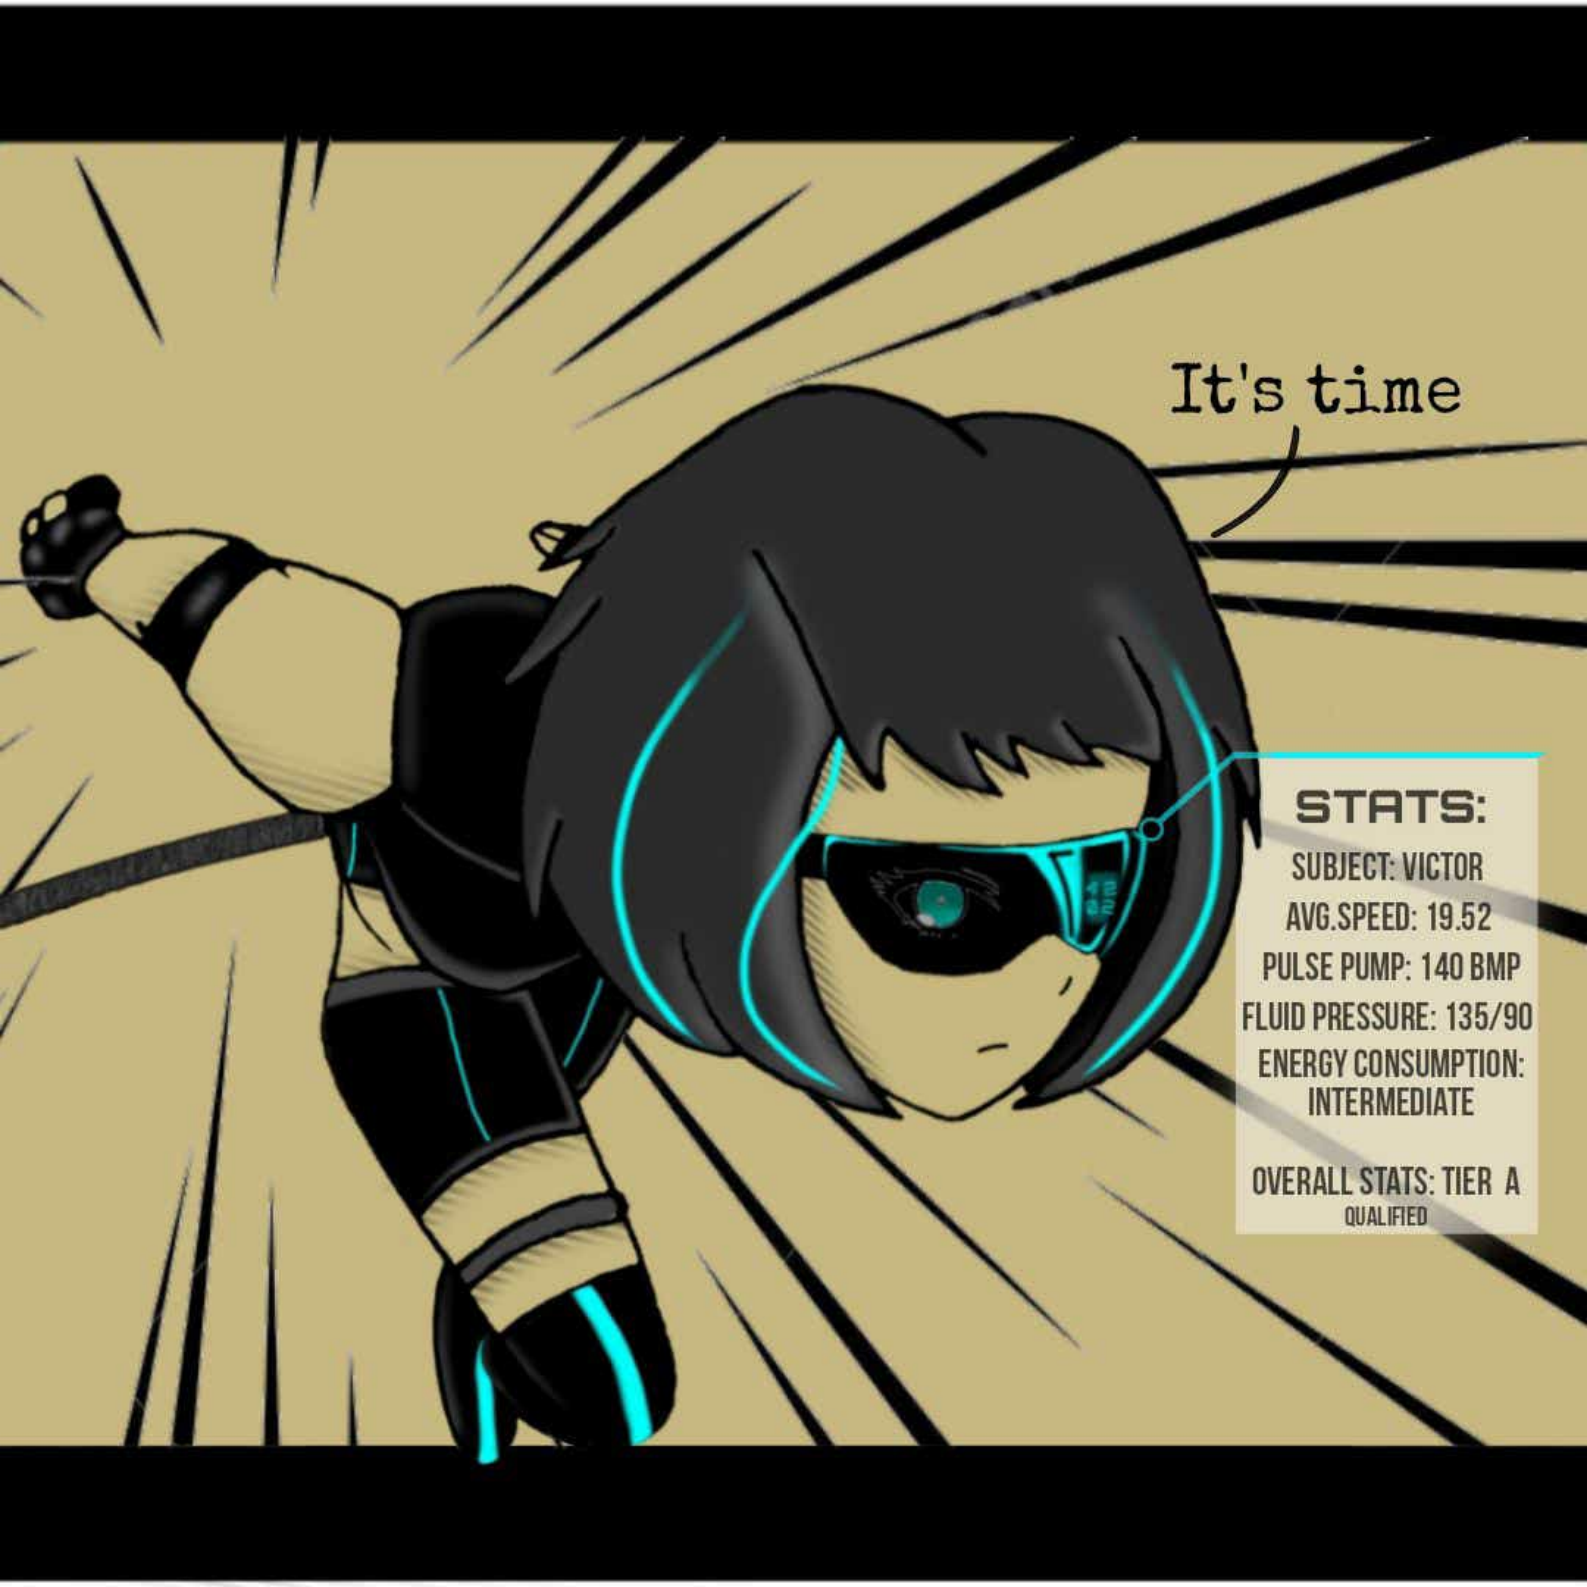

Victor: I am not letting you get away !

Cynthia: Oh we'll see about that !!!

He is keeping up quite well. Looks like it's a success. Welcome to the crew Victor...

She is quick on her feet. No wonder she never gets caught. But I can't lose her. Not at any cost...

It's time
